

NZBIO 2010: Advancing a Bio-Based Economy
22-24 March 2010
INVESTOR & TECHNOLOGY SHOWCASE

Investor & Technology Showcase Day 1 - Monday 22 March 2010

Start	Finish	Name	Company	Title
Meet the Investors 2.30-4.00pm				
4.30-6.00pm				
"Novel Therapies, Lead Identification & Drug Delivery"				
4.45pm	5.00pm	Dr Geoff Hicks	University of Manitoba & Institute of Cell Biology, Manitoba, Canada	The Role for Gene Function Analysis & the use of Embryonic Stem Cells in Elucidating the Human Diseases
5.00pm	5.15pm	Dr Stuart Newman	Eskitis Institute for Cell & Molecular Therapies, Brisbane, Queensland Australia	Small Molecule Lead Generation via Natural Products & Proprietary Techniques for Generating Molecular Libraries
5.15pm	5.30pm	Dr Hiram Chipperfield	ERA Consulting, Australia	Stem Cell Research & Development & Commercialisation: A Regulatory Perspective
5.30pm	5.45pm	Associate Prof Sanjay Garg	School of Pharmacy, University of Auckland, New Zealand	Modern Insights & Applications in Conventional & Novel Drug Delivery

Investor & Technology Showcase Day 2 - Tuesday 23 March 2010

Start	Finish	Name	Company	Title
Meet the Investors 10.45-12.00pm				
12.00-1.30pm				
12.00pm	12.15pm	Scott Harrison	AgResearch	Metabolics at AgResearch for New Zealand
12.15pm	12.30pm	Peter Benfell	AgResearch	Greenhouse Gas
12.30pm	12.45pm	Prof Warren McNabb	AgResearch	A Molecular Nutrition Approach to Understanding How Foods Affect Gut Health: An Important Prerequisite to Developing Future Smart Foods
12.45pm	1.00pm	Dr Jimmie Suttie	AgResearch	Is there a Role for Epigenetics in Agriculture?
1.00pm	1.15pm	Ian Boddy	AgResearch	ParaCo Technologies Limited
2.30-4.00pm				
2.45pm	3.00pm	Dr Neil Pasco	Lincoln Ventures	Biosensor Development for Detecting Lactose in Dairy Wastewater
3.00pm	3.15pm	Jason Ryan	Industrial Research Limited	Fermentation Scale Up & Product Development at IRL
3.15pm	3.30pm	Prof Andrew Mercer	University of Otago	A Virus-Based Vaccine Delivery Platform for use in Production Animals
3.30pm	3.45pm	Prof Frank Griffin	University of Otago	Domestic Livestock & Biotechnology: Biomarkers for Heritable Resistance to Infection
4.00-5.30pm				
4.00pm	4.15pm	Prof Martin Kennedy	University of Otago	Novel Genetic Variants that Impact on Thiopurine Drug Responses
4.15pm	4.30pm	Dr Ulrike Hubl	Industrial Research Limited	Title to come
4.30pm	4.45pm	Dr Alex Tickle	Otago Innovation	New Combination Therapy for Fungal Infections
4.45pm	5.00pm	Paul Atkins	Izon Science Ltd	Dynamically Tunable Nanopores for Nanoparticle Detection, Quantitation and Characterisation

Investor & Technology Showcase Day 3 - Wednesday 24 March 2010

Start	Finish	Name	Company	Title
10.15-11.30am				
10.15pm	10.30am	Dr Keryn Johnson	Industrial Research Limited	Anti-inflammatory Nutraceuticals Derived from Meat Industry Co-Products
10.30pm	10.45am	Dr Parmjot Bains	Perseis Therapeutics	Perseis Therapeutics Presentation
10.45pm	11.00	Peter Lehrke	New Image Group	Colostrum, Research & Development from Nature
11.00pm	11.15	Dr Roger Hellens	Plant & Food Research	The Sequencing of Genomes of Importance to New Zealand's Bio-economy
